

ABOUT THE ZONE

The Zone is a proactive community-based afterschool program targeting 7th-12th graders.

The mission is to promote the physical, mental, emotional, social, and spiritual well-being of adolescents.

The afterschool program provides a safe environment that strengthens social skills and character.

Youth are encouraged to develop goals to guide their educational journey, establishing a sense of purpose and control over their own lives.

The Zone's ultimate goal is that the youth graduate high school and become a beneficial presence in their community.
