

College Fair/EPP Calendar

Every year, thousands of Nebraska juniors, seniors, and their parents attend the college fairs brought to you by EducationQuest and NACRAO to find colleges that meet their needs. Students have the opportunity to visit with college representatives from across the state and nation. High school students and parents can check with the area high school to see when a NACRAO EPP is near you.

Below is the PDF schedule for the 2019 fall season as well as calendar with event locations.
