

NOW Bus Tour

What do we do?

This committee plans, coordinates, and attends the annual NOW (Nebraska on Wheels) Bus Tour. The tour is held the second week of June and runs for three to four days depending on the current region. It's an opportunity for school counselors to visit the campuses of NACRAO institutions. In turn, it provides member institutions the opportunity to show off their campus and highlight what makes them unique. The committee meets several times through the year (most of the work is accomplished via e-mail or phone). The majority of the work consists of planning the tour, working out details and logistics with host institutions, and the actual tour.

Fun Fact

At the AACRAO 93rd Annual Meeting in Boston, MA, the NOW Bus Tour earned NACRAO a prestigious Elbert W. Ockerman Award.

The Ockerman Award is presented to recognize outstanding professional activities of the state/regional associations and encourage development and expansion of quality professional activities among state/regional associations.
